Number of Participants in Club Competition

Calculation of Net Results
 Result = Gross Score – Competition Handicap = Net – 50% Daily PCC - Par = +/- Par
 Where the PCC is a minus (-1) the adjustment to the Net is a plus
 Where the PCC is a plus (1, 2 or 3) the adjustment to the Net is a minus
 Where PCC is a zero (0) there is no adjustment to the Net

The 'Competition Handicap' may differ from the 'Playing Handicap' where the competition is set up using multi-tees and where the par is different from one tee set to another i.e. Front 9 Par 36 and Back 9 Par 37. The players competing from the set of tees with the higher par must receive additional strokes for the round, equal to the difference between the par of the tees they are playing and the tees with the lower par.

Player's Name (First and Surname)								
	Handicap Index	Playing Handicap	Gross Score	Competition Handicap	Net	PCC (50% daily PCC)	Par	Result Under/Over Par
Round 1								
Round 2								
Total Over/Under Par
